*344. SHRI RAJ MOHINDER SINGH MAJITHA:
SHRI RAM JETHMALANI:

(a) whether it is a fact that manufacturing of only thirty five products is now in the reserved list for manufacturing in the Small Scale Industry (SSI) sector;

(b) if not, the facts in this regard;

(c) the number of reserved products for the SSI sector by March, 2004; and

THE MINISTER OF COMMERCE AND INDUSTRY (SHRI KAMAL NATH): (a) to (d) Review of the list of items exclusively reserved for the small scale sector is a continuous process. Consultations are held with the concerned stakeholders, followed by deliberations in the meeting of the Advisory Committee on Reservation, constituted under the Industries (Development & Regulation) Act, 1951 (IDR Act). Items are dereserved by the Government based on the recommendations of the Advisory Committee. Dereservation is made through a notification under Section 29B of the IDR Act. Following the above procedure, the total number of items reserved for exclusive manufacture by small scale sector, which was 675 in March, 2004 has been reduced to 35 as on date.

Government has taken several policy measures for making the Indian industry, including the very vital micro and small enterprises sector, competitive and to facilitate the achievement of their full potential. One of the key measures has been the gradual and calibrated removal of restriction in the form of reservation of items to be exclusively produced in the small scale sector. This has been done to improve the competitiveness of the industry; to enable the Indian industry to compete with imports; promote creation of job opportunities; upgrade its technology to produce quality products and to achieve economies of scale.
